oceans**

Cargo Insurance
protects products
and goods in
global trade *and*
now Oceans

CARGO INSURANCE
must go beyond -
It must protect -
oceans and habitats

NACORA
International Insurance Brokers

*..we at NACORA believe **Cargo Insurance** has a responsibility to **protect and preserve this planet** and its diversity for future generations, carbon neutrality is a must, but everyone of us must go beyond to achieve this goal...*

How?

NACORA
International Insurance Brokers

NACORA
International Insurance Brokers

By assisting all partners of the logistics ecosystem under a cargo insurance contract to restore and preserve oceans together with the Marine Megafauna Foundation (MMF)

NACORA, AXA XL Group, ZURICH Insurance Company and the Marine Megafauna Foundation (MMF) partner to:

Create an integrated Marine Insurance business model in commercial insurance reaching companies worldwide to restore oceans

HOW ALL STAKEHOLDERS WILL SUPPORT THE GREATER GOAL?

NACORA

Creator of the business model. Embedded in Nacora's Cargo Insurance solution for Kuehne + Nagel, manages certificate system, declarations and fund administration on behalf of insurers, MMF relationship management, Marketing Responsibility

Zurich Insurance Company AXA XL Group

Backing the solution by partnering allocation purpose based donation or commissions based on the declared cargo insurance shipments, marketing and media support, joint events to promote the purpose

Marine Megafauna Foundation (MMF)

US / California based non profit organization, MMF objective is to restore healthy oceans and in megafauna ecosystems through local projects aiming to protect the world's most endangered marine

Kuehne + Nagel

Global logistics company with leading initiatives for sustainable logistics solutions. It targets to compensate its direct CO2 emissions that cannot be avoided as of 2020, and CO2 footprint of the transportation services performed by its logistics suppliers by end 2050

ABOUT THE MMF

RESTORING HEALTHY OCEANS
